

Pancakes *across* America

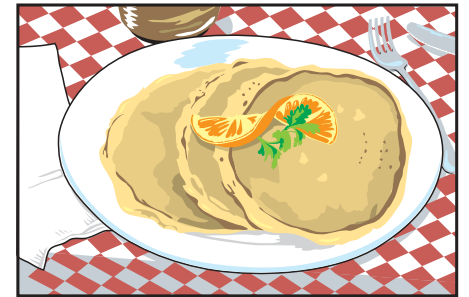

Presents "Pancakes by Number"

www.wurlington-bros.com

Get out your paints and brushes. Its time to paint pancakes! You can't eat these flapjacks when you are finished, but since they won't get cold while you work, feel free to take your time with the painting. To start, print this page on a color printer on sturdy paper. Then mix up your oil or acrylic paints to match the colors in the little paint pots below. You can paint the colors in any order, but for best results start with the lighter colors and work your way up to the darker colors. When you finish your painting, cut it out and frame it. Glue the label to the frame to title your masterpiece and hang it on the wall.

Are you hungry? Let's begin!
